TransAmerica Training Management, Inc

Is The

“2008 Oracle University Partner of the Year”

Coral Gables, FL — TransAmerica Training Management (TAM) is the recipient of Oracle University’s 2008 Partner of the Year Award. This award was presented to TAM for their delivery, operational and sales excellence.

The TransAmerica Training Management vision is to consistently exceed the expectations of its customers and partners with an outstanding training experience while improving and expanding the services and facilities provided. From the administrative staff which is committed to providing the very best training service and experience found anywhere in the industry to its instructors who are continuously part of the prestigious Quality Club, awarded for maintaining superior student evaluations and outstanding customer satisfaction, the entire staff at TAM is dedicated to this vision. The 2008 Partner of the Year designation is a tribute to the hard work and dedication of TransAmerica Training Management’s team.

TransAmerica Training Management Awarded Oracle University's "2008 Partner of the Year" (2)

"We share this distinction with the many members of our team who are all a part of helping TransAmerica Training Management achieve this honor," said TransAmerica Training Management Co-President, Barry Flink.

"The 2008 Partner of the Year Award is a testament not only to our team's hard work in 2008, but a display of the effort to continually provide world class service and delivery to our Oracle/PeopleSoft customer base," shared TransAmerica Training Management Co-President Gabriel Albelo.

About TransAmerica Training Management

TransAmerica Training Management (TAM) is an award winning Oracle training partner that is comprised of a network of software training centers. TAM is the largest Oracle University Application Partner, offering full cycle certified Oracle training in PeopleSoft, eBusiness Suites, Stellant and Oracle Technology. TAM's customer base includes thousands of learners from commercial, university and public sector organizations. As part of the ERP life cycle, TAM also provides custom end user training solutions. TAM embraces the UPK and other industry known authoring tool to positively affect end user adoption of virtually any enterprise software implementation.
