

**ORACLE University's 2008 Partner of the Year**

## **UPK ITS Package**

Now that you have purchased or about to purchase ORACLE's UPK (User Productivity Kit) for user readiness and overall end-user training, have you asked yourself, "Where do I begin?"

That's where **TransAmerica Training Management** comes in to help with the field tested and proven jumpstart program called **UPK ITS Package**. The **UPK ITS Package** (Integrated Training Start-up) allows you to reap all of the benefits of the Oracle UPK plus much more.

Using the UPK for PeopleSoft, eBusiness Suite, JD Edwards or Siebel? No problem. Our scalable program can meet the demanding needs of any organization big or small using any of these applications.

The **UPK ITS Package** program will get you off your feet and be ready to run with your UPK investment. The basic components of the UPK ITS Package include:

- Installation of the UPK
- Workstation configuration
- Enhancement and Standardization of delivered templates
- Multiple Tool Sets
- Establishing Development Standards
- Strategy of Document Sharing and Storage
- Business process reviews
- Create Content Outline
- Building Content

Why struggle and lose precious time, energy and budget? Call in the UPK experts from **TransAmerica Training Management**. We will get you moving quickly and efficiently.

Call us at 305-728-2399 and ask to speak to one of our staff UPK experts.
